When did you work with the project

We worked with this sprint during our weekly meeting, and home after school.

Sprint goal

Complete the entity classes, make the webpages more responsive, make a “profile page” and a “admin page”.

Work distribution

We will try to do most of the work together, and only do finishing touches at home.

Accomplishment

We’ve completed the entity classes. Made the webpages more responsive (still more work to do). And we’ve made a simple profile, and admin page.
