Sprint report week 9

Innhold

When did you work with the project

We worked with this sprint during our weekly meeting, and home after school.

Sprint goal

Continue to develop the CSS for the webpage. Try to make/find a logo we can use.

Work distribution

We will work with the same pages each group member has developed and look for logos together.

Accomplishment

We've found a logo that we think suits, but its not final. The CSS I starting to look a lot better, and the webpage is taking form. There is still a lot of room for improvement, to both design and responsiveness.
